Re: Order for Mailbox at 4250 High Gables East; Lot 38 of High Gables

Dear David:

This will confirm our conversation of a couple of weeks ago where I released your company to construct a mailbox for our residence in High Gables. Please recall that we discussed the type of underneath support for the post and that I want it to be the one that is more substantial and the same as all of the others except one (once of the most recent mailboxes purchased from your company has a different support, and I do not want that design). I plan on taking a picture of what I am looking for just in case and will e-mail it to you if you will provide me with your e-mail address. Please also recall that while I am willing to pay your company the standard "installed" price, I plan to install the mailbox and post myself and will come by your place of business to pick it up and pay for it when it is ready.

I understand from our conversation today that it will be no earlier than late next week before you can make the mailbox post for me since you are still waiting on the wood to dry, and same is acceptable to me. I will be out of town on vacation next week anyway, and will plan on getting the mailbox and post from you when it is available anytime after July 24, 2006. Please give me a call at the number set forth above when the mailbox and post is ready.

Thank you for your help and please call me if you have any questions.

Very truly yours,

Larry C. Oldham
